Student Register System

Handle your password confidentially!

Exams: fee and payment

Process:

You have to pay the repeated/improving exam fee via NEPTUN in advance before the exam registration.

Payment method is available on the university website:

<https://edu.unideb.hu/p/fees-for-extra-proceedings>

Fees:

1st exam from the same subject: FREE

2nd exam from the same subject: FREE

3rd exam from the same subject: 2 000 HUF

Improving a successful exam: 2 000 HUF (Even if it is the 2nd exam!)

Important!

You should transfer money to Neptun your account at least 3 working days in advance as it takes time to process your payment and credit to your student account. Placing money to your Neptun account does not mean you made the necessary payments! (We highly recommend to put 5 000-10 000 HUF to your account.)

If you wish to sign up for exams right from the beginning of the exam registration, you have to arrange the necessary payment on time before the NEPTUN's opening.
