Questionnaire for pre-screening of pre-triage employees / instructors / students (for exam)

Date and time of attendance: year   month   day   hour   minute

Examination institution:

Name of candidate:

Social security number (TAJ):   Place and date of birth:

Body temperature measured in pre-triage: C

1. Complaints, symptoms:

Do you have **RECENT** (started within 2 weeks)

fever or low fever	(≥ 37,5 C)	yes	no
headache, weakness, muscle aches		yes	no
nausea, diarrhea		yes	no
dry cough		yes	no
shortness of breath		yes	no
runny nose, sore throat		yes	no
loss of smell/taste		yes	no

If any of the above symptoms are clearly known and are not of infectious origin (e.g. allergy, migraine, Crohn's disease, etc.), they should not be considered. Diarrhea is defined as the emptying of at least 3 loose stools in 24 hours.

2. Epidemiological history

Have you been in contact with a patient with a <u>confirmed</u> coronavirus infection in the last 14 days?

            yes   no

Have you been in contact in the last 14 days with a person who needs to be quarantined for suspected coronavirus infection?

            yes   no

Do you currently need to be quarantined for suspicion of coronavirus? Have you been abroad in the last 14 days?

            yes   no

3. Microbiological tests: Have you had a coronavirus test since the onset of the symptoms?

   a, no

   b, yes, namely   1. time and result of the test   2. time and result of the test

            nasopharyngeal swab

Declaration: I declare, under the penalty of perjury, that the information contain herein is accurate.

signature of the student

Assessment:

If the answer to any of the questions is yes, or a body temperature higher than 37.5 C was measured, the student cannot be admitted to examination. (*If any of the above symptoms are clearly known and of non-infectious origin (e.g. allergy, migraine, Crohn's disease, etc., they should not be considered. Diarrhea is defined as the emptying of at least 3 loose stools in 24 hours.)*

If a microbiological examination has been performed and the student has any symptoms or a positive epidemiological condition, an infectologist (infektologiatitkarsag@kenezy.unideb.hu) must be consulted in advance about admission to the examination.
