# Attendance at lectures and seminars

- Students must attend the classes with their own group
- Lectures: strongly recommended
- Seminars: compulsory and recorded (per semester)
  - 0-6 missed seminars per semester: no penalty
  - 7-8 missed seminars per semester: no exemption of FE
  - 9 or more missed seminars per semester: dismissed from the class

# Class behaviour

- do not use your cell phones during class
- participate in the seminar discussion and problem solving
- arrive in time
- talk to your teacher not to your class-mates during the seminar
- use your manners while communicating with your teachers and class-mates

# Survey-your opinion matters!

QR code-based survey after every seminar and lecture.

# How do we test your knowledge?

**Self control test (SCT): 6 from each subject**

# How to use the BMC website?

**Personal information: presence sheet, test scores**

**Student Register System**

**Handle your password confidentially!**

# Exams: fee and payment

## Process:

You have to pay the repeated/improving exam fee via NEPTUN in advance before the exam registration.

Payment method is available on the university website:

<https://edu.unideb.hu/p/fees-for-extra-proceedings>

## Fees:

1<sup>st</sup> exam from the same subject: FREE

2<sup>nd</sup> exam from the same subject: FREE

3<sup>rd</sup> exam from the same subject: 2 000 HUF

Improving a successful exam: 2 000 HUF (Even if it is the 2<sup>nd</sup> exam!)

## Important!

You should transfer money to Neptun your account at least 3 working days in advance as it takes time to process your payment and credit to your student account. Placing money to your Neptun account does not mean you made the necessary payments! (We highly recommend to put 5 000-10 000 HUF to your account.)

**If you wish to sign up for exams right from the beginning of the exam registration, you have to arrange the necessary payment on time before the NEPTUN's opening.**

We wish you a successful  
semester!

A series of horizontal lines in teal and light blue colors, with varying lengths and offsets, creating a modern, layered effect across the middle of the slide.

# Basic protection measures against COVID-19

- Washing your hands with soap and water or using alcohol-based hand rub kills viruses that may be on your hands.
- Maintain at least 1 meter distance between yourself and anyone who is coughing or sneezing.
- Avoid touching eyes, nose and mouth
- Practice respiratory hygiene
- Seek medical care early
- Stay home if you feel unwell. If you have a fever, cough and difficulty breathing, seek medical attention and call in advance. Follow the directions of your local health authority.
